

**N I C O L A R A E**

**SONIC FREQUENCIES: LIVE**

at DériveLab, Dalston, London.

**Interactive  
experimentation  
with situated  
sonic ambiances  
through  
the use of  
microphones,  
connected to  
sound emission  
analysers....  
to create  
projected  
live sonic  
frequencies....**
